As One Goes Around

The International Hotel on "C" street in Virginia City, Nevada, was, probably the first hotel, west of the Mississippi to sport an elevator and was de luxe from cellar to roof in ornateness and extravagant luxuries. Yet it set me on my heels as I looked at it first. It was a six-story building, with the necessary-in-those-days long porch running all the way in front of it on the ground floor. It must have cost a great sum to have erected it, yet despite the outlay it was a veritable fire-trap. I counted 10 chimneys coming out of the roof, the outlet for countless stoves which burned briskly in rooms beneath. Virginia City is located under the brow of Mt. Davidson and intensely cold weather prevails there in winter and the chance of fire in a great structure like the International Hotel, especially when kept warm by scores of fires in rooms in which the wildest kind of living went on night after night, the probability of a holocaust must always have prevailed. In spite of this The International rears its fine head defiantly to Nevada skies, years after Virginia City has become a spot where

The Montana Club at Helena, Montana, had a right to enjoy the fame it did. The State was lousy with throw-away money and the Montanans were the boys who knew how to get rid of easy-made coin. The furnishings of the Montana Club were elaborate; the cuisine had no near rival in the minds of gourmants and the bar supplies were incomparable. I recall it had a magnificent collection of game heads, several supurb buffalo. The Montana was a stone structure of five stories. I was working for F. Aug. Heinze, at Butte, and had taken sorties in several big criminal cases. A mysterious set-fire destroyed The Montana Club. Frank J. Edwards was Mayor of Helena at the time and he came to me and asked me to work on the case and I did. Ten days later I picked up a 14-year-old Colored boy and he told me all about the manner in which he had set the Club afire. He started the blaze close to the elevator shaft, the draft sucked the flames upward and the structure burned quickly. When the little Negro got to Deer Lodge Warden Frank Conley asked him what work he wanted to do in the prison and the boy told him he would like to get a job in the engine room, but Warden Frank Conley was a canny early-day sheriff and gave the boy a suitable place to work—on the irrigation ditch.

Joseph H. Stephens, Sacramento banker, died last week. That makes two of the old Parole Board members and the Prison Board clerk who were taken for a ride by San Quentin convicts who have passed on. It was in 1935 and I had just gone on the Prison Board. The convicts came into the Warden's dining room, armed with guns. Warden Jim Holohan started to resist and was terrifically beaten. In the fight, flight and confusion that followed Frank C. Sykes and Joe Stephens, members of the State Parole Board, were shot and Al. Bagshaw, now District Attorney of Marin county, who joined in pursuit of the convicts, killed one of the inmates. The only member of the Parole Board now alive is Warren Atherton, of Stockton. Mark E. Noon, clerk of the State Prison Board, was in the dining room of the Warden's house at the time of the escape. He was forced to accompany the fleeing prisoners in their run through the gate. Mark was not injured. He died two years ago. The convicts managed to get into the Warden's house by resorting to a ruse. They got hold of a door frame, one convict on each end of the frame, and pretending they were going to do some carpenter repair work, got by the Chinamen in the kitchen and were in the dining room menacing the Prison officials with their guns before they were detected. Warden James Holohan, powerful man he was, was so terrifically beaten he never recovered from the savage assault he underwent. Both Joe Stephens and Frank Sykes were shot in the legs. Frank C. Sykes, a Mason, was carrying a St. Christopher's medal a Catholic Sister had given him, in his pocket and his life was saved when the bullet from one of the convict's revolver, struck the medal and glanced off. The offending convict's were brought before us, but, I recall proof as to just how the guns were smuggled in was never fully established.

Charlie Rexroad came down from Corvallis, Oregon, and he took a job as a guard at San Quentin. He was a young fellow who got along all right, but he was out-of-step in tough situations and loud in disapproval of a guard who would take $25.00 for participating in a hanging. He did not stay a great while on the guardline, but he left the prison with a good record. I recalled Charlie Rexroad this last week when I read news dispatches from Manila stating Lieutenant Charles Rexroad, of Corvallis, Oregon, sprung the trap which sent General Yamashita, "The Tiger of Malaya," through the floor of the gallows. An executioner in a military hanging gets a bonus of $200 for the gallows work. Somehow, knowing as I do the views of Charlie Rexroad on taking what he termed "blood money," I cannot help feeling he was satisfied General Yamashita should be destroyed and assumed the job—or—and this is more than likely—one of Charlie Rexroad's buddies must have been a victim of the Jap General's ferocity. In that case he would have done the job for nothing.

Supervisors Offered A Temporary Place To Unity Women

ARE CONSIDERING IT

No Obligation Is Attached To The Trusteeship

Special Correspondence of The Press

ANDERSON VALLEY, Feb. 25. Election of officers was held at the last meeting of the Anderson Valley Unity Club and present officers were re-elected for another year. They are: Mrs. Hazel Nobles, President; Mrs. Georgia Lowrey, Vice-President; Mrs. Zola Willis, Secretary, and Mrs. Lauise Edwards, Treasurer. The Unity Club has been offered a five year lease on the Indian Creek Park, near Philo, if they will assume responsibility of caretakers of the property. The park has a building that would be suitable for a Clubhouse and a small cabin that could be occupied by a caretaker. The club received the offer from the Board of Supervisors, who are in charge of the park. Mrs. Nobles, Club president, has taken the matter up with Supervisor Ed. Haehl.

Seek A Millsite.

I. C. Burke, of Ukiah, was here Monday, accompanied by several men who were trying to locate a sawmill that filled their requirements and was for sale.

May Go Elsewhere.

Roscoe V. Lawson was here during the past week for a short visit with his mother, Mrs. D. H. Lawson, while he was enroute to San Luis Obispo, after making a business trip to Fort Bragg. Mr. Lawson was recently released from the Navy, where he held the rank of Lieutenant Commander, and was in charge of Visual Education at a Naval school in the southern city. For many years he was principal of the Fort Bragg grammar and junior high school and was given a leave of absence to enter the Navy. At the time of his visit here he had not decided if he would return to Fort Bragg or accept an offer in visual education made him by the county of San Luis Obispo.

Stricken On Trip.

Mrs. J. T. O'Hanlon is a patient in Healdsburg Hospital. She suffered a stroke Sunday of last week while returning home with Mr. O'Hanlon, from Santa Rosa. They were near Cloverdale and a physician here was called and had Mrs. O'Hanlon moved to the hospital at Healdsburg. Mrs. O'Hanlon has been in ill health for some time.

Mrs. Herbert H. Lampert has been quite ill at her home here but is now improving.

Mr. and Mrs. Harry K. Presley, of San Francisco, passed the recent holiday here with his parents, Mr. and Mrs. D. V. Presley.

THIS IS THE WRECKAGE WHICH WAS CAUSED BY THE DYNAMITE BOMB PLANTED BY EARLE E. KYNETTE IN THE CAR OF HARRY J. RAYMOND

The insert is a likeness of Detective Harry J. Raymond, who got into his car in the garage at his home pictured in destruction above, stepped on the self-starter and was blown up by a dynamite bomb planted by Earle E. Kynette, "goon squad" head, who sought to murder Mr. Raymond. The victim suffered more than 150 wounds about his body from the bomb explosion.

The following is a copy of a telegram received by Harry J. Raymond, of Los Angeles, Wednesday morning: "This is to advise you that Earle Kynette, our No. 65444, is still confined in the State prison here. His parole was revoked on February 1, 1946, and he is to appear at the January 1947 calendar for possible consideration." Signed Clinton J. Duffy, Warden San Quentin.

Earle E. Kynette, one-time acting Captain of Police, of the Los Angeles Police Department, and head of the "Goon squad" of the vice detail placed a dynamite bomb under the starter of the automobile of Harry J. Raymond and, when Mr. Raymond started his automobile, the bomb was set off and Mr. Raymond suffered injuries, including more than 150 wounds from steel missiles made into the bomb, in his body.

The Secret Action.

Without public notice the California Adult Authority — the Governor Earl Warren parole board, after it had acted on Mr. Kynette's case, issued a statement Mr. Kynette would be liberated on parole, January 15. This outrageous act by the Parole officers was at once denounced by right-thinking people and The Republican Press demanded the action of the Adult Authority be revoked. The facts, as they existed, were printed in this newspaper and sent to Private Secretary Sweigert to be handed to Governor Earl Warren. Law-abiding citizens of Los Angeles and friends of Mr. Raymond.. attacked ..the.. action ..of the Adult Authority and the Adult Authority, probably appreciating the grave wrong done, backed up on its former release of Mr. Kynette and ordered Earle E. Kynette serve six more years of his original sentence.

What Newspapers Said.

This is how the Los Angeles newspapers handled the case upon the Adult Authority reversing its order to set the dynamiter free:

(LOS ANGELES EXAMINER)

SIX YEARS MORE FOR KYNETTE

Former Los Angeles Police Captain Earle E. Kynette, convicted for the 1938 bombing of Private Detective Harry Raymond, who was scheduled for release from San Quentin Prison, must serve six more years.

Kynette, himself, made the revelation, in a letter to a friend, that the State Prison Board had rescinded a previously granted parole "because the time served is not commensurate with the crime."

And he added:

"In other words they agreed with Harry that I hadn't served enough time. That leaves me with the 20-year sentence, of which I have six years left."

Mr Raymond suffered 150 wounds when a bomb exploded in the car of his garage at 755 South Orme avenue.

(LOS ANGELES TIMES)

KYNETTE PAROLE REVOKED JAN. 29, REPORT DISCLOSES

Revocation of a previously granted parole from San Quentin Prison scheduled to have taken effect yesterday for Earle E. Kynette, former Los Angeles acting police captain convicted of bombing Harry Raymond, private investigator, was voted Jan. 29, the State Adult Authority disclosed yesterday.

What Crime Was.

Kynette was convicted of attaching a bomb to Raymond's car, which exploded when the owner attempted to start the machine the morning of Jan. 14, 1938. The blast occurred at 755 South Orme avenue.

Explain Revocation.

The authority explained that the scheduled parole was revoked "because the length of incarceration was not commensurate with the gravity of the offense."

Protested Travesty.

Raymond had lodged vigorous protest against any parole for Kynette, claiming he had been warned he would be "bumped off" as soon as Kynette was released.

Kynette was indicted by the county grand jury a month after the bombing on charges of attempted murder, assault and malicious use of explosives. He was convicted on all three counts the following June. His battle against a 20-year prison term went to the State Supreme Court, which on July 30, 1940, denied his petition for a new trial.

(HERALD-EXPRESS)

KYNETTE MUST SERVE 6 YEARS MORE

Earle E. Kynette, who bombed Private Detective Harry J. Raymond, was scheduled to get out of San Quentin prison today on parole, but . . .

Changed Its Plan.

The board, it was disclosed, suddenly changed its decision and ruled he has six more years to do. Mr. Kynette gained everlasting notoriety, and lost his liberty, when, on January 14, 1938, he blew up Detective Raymond who assertedly had been conducting an investigation which would not have reflected creditably on some of Kynette's superiors. Raymond was blown up when he stepped on the starter of his automobile in the garage of his home at 755 South Orme avenue.

The burly police captain was scheduled to be released last month, but Raymond kicked up such a fuss with the governor, the parole board and other interested parties, pointing out he had suffered more than 150 wounds in the diabolical plot on his life, that he apparently "placed the chill" on the parole.

Thanks A. R. O'Brien.

There has come to A. R. O'Brien the following letter from Harry J. Raymond:

"Dear Mr. O'Brien:

"First I want to express my sincere thanks for all you have done for me in halting the release, on parole, of Earle E. Kynette, the ex-policeman who set a dynamite bomb under the starter of my automobile. I can assure you the articles you printed in The Republican Press were appreciated by my friends here and myself. A battle against a secret parole is always tough and what you did had a wonderful effect. Thanking you for your past and present courteous treatment, I am, believe me, your friend and well-wisher

Harry J. Raymond."

RODEO PLANNING TO COME HERE IN FALL

Dr. E. C. Bennett has tentatively consented to lease Bennett Stadium to the Klamath Falls Rodeo for an exhibition this fall. Hugh Barringer, who is taking a big interest in the Rodeo, says there are 85 head of broncs in the string of the Oregonians and that Dr. Bennett has insisted, before he signs a lease, only the best ponies be used here. It has been found there are restrictions which will make it impossible for the Rodeo to use the Twelfth District Fair grounds, as the State does not permit it.

Richard F. May first Mr. Mazzoni contemplates opening a parts and accessories store here and will use his old store name.

A. R. STEIERT LAID TO REST

Funeral Of Popular Ukiahan Occurs On Friday Last

Friday the funeral of Alfred R. Steiert took place from Ormsbee's Chapel and many friends attended. Mr. Steiert died from a sudden heart attack at the home of his son-in-law and daughter, Mr. and Mrs. Paige W. Payne, in San Francisco. Mr. and Mrs. Steiert were visiting in the city at the time. Mr. Steiert was aware of his serious condition some time.

Born In Switzerland.

Mr. Steiert came here many years ago and the family was reared in Ukiah. A native of Switzerland, Mr. Steiert was born in 1875. In 1915 Mr. Steiert engaged in the meat business here and successfully operated that business a number of years. Later he sold the market and bought an interest in the Ford Agency, and operated as Steiert, Andrews & Ford. Eight years ago Mr. Steiert sold his interests in the agency and since that time has lived a retired life and in looking after his business properties.

A Fine Character.

Mr. Steiert was a quiet likeable man and was rated an excellent business executive. He was a home-loving man and an ardent supporter of everything that was for the best interests of his city.

The Surviving Family.

To mourn the loss of a loving father and husband, there are left his widow, Mrs. Pauline Steiert, two daughters, Mrs. Paige W. Payne, of San Francisco, and Mrs. Pauline Nardini, of Ukiah, and a grandson, Jackie Nardini.

Rev. Charles G. Lindemann officiated at the funeral service and soloist was Herb Cochrane, who sang "Crossing The Bar." The burial was private.

NO OPPOSITION

Supervisor Eck Safford has announced himself a candidate to succeed himself and so far has no opposition. Mr. Safford was appointed to take the place of the late Duane Bittenbender and is making a splendid record.

WILLITS, Feb. 25.—Local Sentiment is very much in favor of the Richardson Lumber Company in its contention with the OPA. The company was charged with selling lumber above ceiling price and the case was heard in a Sacramento Federal Court and following a long and expensive trial the Company was fined the ridiculous sum of $78.01. Preparing the suit cost the government hundreds of dollars and Mr. Richardson much inconvenience. The only point Mr. Richardson was found guilty of was an error in bookkeeping. Attorney Irving M. Brazier, of Ukiah, was Mr. Richardson's lawyer and handled the case in a masterful manner.

He Has Retired.

Ray Hammond has resigned his position as chief of the Willits Fire Department following several years of service. Mr. Hammond stated his private business was being neglected on account of the position taking so much of his time but he will continue a department member. The department is to purchase two tarpaulins to be used in covering home furnishings and other property during fires to protect them from water damage. The sum of $100 was voted for the living memorial, which will be a swimming pool for children. The firemen also voted $10 to the Boy Scouts fund now being raised.

Died At Home.

Frank G. Darby, a pioneer settler of this section, died at his Longvale home Wednesday following a heart attack. He was a native of California and 72 years of age. In early life he learned to be a telegrapher and was first

COMPLICATIONS IN OPERATING HAMPERED

An operation on the eyes of Ben Byrnes in a San Francisco hospital has been performed. However, the restoration of Mr. Byrnes' sight cannot be determined until the eye heals and the bandages removed. His recovery has been delayed by shock and a skin infection developing after the operation and retarding his progress considerably. Penicillin was administered several days.

OMAR P. RAY DIED HERE SUNDAY LAST

Omar P. Ray, died at his home at 526 Oak Park Sunday. A native of Kentucky, Mr. Ray lived in California 35 years. Deceased leaves a wife, Edith Ray. Following services yesteray afternoon at Ormsbee's Chapel private services were held.

TO ENTER BUSINESS AGAIN IN UKIAH

Frank Bechtol will likely enter business with his son-in-law, Elmer Presson at the latter's electric store and carry a full line of Pittsburg Paints and wallpaper.

LOSES AGAIN

Fred Clemmons, who operates the Redwood Room in The Palace Hotel, is suffering a streak of misfortune. Two weeks ago sneak thieves got into his place of business and made off with about $100 in silver, used for change. This week his business place was again entered and four cases of whisky, valued at about $300 were made away with.

UNIONS READY TO NEGOTIATE, MILL MEN NOT

Strikers Offer Gets No Consideration Of Millowners

NO BREAK SEEMS NEAR

Opposition To The Closed Shop Is Objection

Special Correspondence of The Press

FORT BRAGG, Feb. 26.—It appears as if the strike now getting along towards its fiftieth day of inactivity will be continued some time, unless the strikers consent to the terms of the operators. The mill owners are, apparently, adamant to a "Closed Shop" and insist they have offered all the increase of wages to the mill and woodsmen lumber prices can stand.

Nothing New To Offer.

Recently U. S. Conciliators made a trip to Eureka to ascertain if any developments had taken place in the situation. They met with the "Strike Policy Committee" of the Unions and, it was given out the Unions were ready to negotiate with the plant and woods owners. The Conciliators then met with the Redwoods operators and, it was stated the Operators' offer, originally made, still stands and they had no other offer to make.

To Stand By.

After two meetings in Eureka, the two Federal men returned to San Francisco to be on call whenever needed. It is also reported the conciliators may make another trip to Eureka within the next two weeks.

Strike Cuts Service.

Largely due to strike conditions the late afternoon bus between Fort Bragg and Santa Rosa will run on Fridays, Saturdays, Sundays and holidays and days preceding holidays. This service will be restored later if patronage warrants. The two other schedules will continue as usual.

May Get Signal.

A representative of the State Railroad Commission was here Thursday to investigate the Main street railroad crossing. There is talk of placing a signal or light at that point.

Orchestra To Play.

The high school orchestra will give a concert at the auditorium March 2. It will be open to the public.

Tightening Up Parking.

Parking on Franklin street will be watched by the police force who will see all parking regulations are observed. The street is narrow and double parking is prohibited and a time limit will be placed on cars.

Remains Cremated.

Masonic funeral services were held at the Funeral Home for the late Charles B. Blackledge, who died from a heart attack. The remains were taken to Santa Rosa for cremation.

Hurt In Accident.

Harry Spath broke his ankle while bending some iron and now has the ankle in a cast.

To Provide Crabs.

Harold McNeil and Walter Lassen, owners of the fishing boat "Dereen," have gone into the crab business, and from all indications, will continue crab fishing as long as there is a market for their catch. The two men have 150 crab pots and plan on having fresh crabs available twice a week. At the present time Louis Cavallini, at Paladini's, Noyo, is taking the catches. A steam crab cooker has been installed and cooked crabs are offered for sale during the week. Mr. Cavallini also has a crew picking crabs and is offering crabmeat for sale.

Out Of Navy.

Roscoe Lawson has received his discharge from the Navy and returned home last week. Before the war, Mr. Lawson was principal of the Junior high school

GATE BRIDGE PURCHASE BY STATE REMOTE

Almost Double Bond Value Big Snag To Acquirement

A TOLL CUT UNLIKELY

Many Bond Payments Will Have To Be Met Shortly

(The San Francisco Examiner)

State ownership and operation of the Golden Gate Bridge is "out of the question" because of the present high market value of outstanding bridge bonds, it was learned yesterday.

How It Came About.

Because the bridge was financed during the worst years of the depression, the bond issues included a "noncallable" feature to make them more attractive to prospective buyers. They can not be redeemed at their par value before their maturity date, and their price on the market has almost doubled in many cases.

"If the State were to take over the bridge, it would have to pay almost at the rate of $70,000,000 for the $35,000,000 worth of bonds. That puts the whole thing out of the question," A. R. O'Brien, president of the board of directors of the Golden Gate Bridge and Highway District, said yesterday at Ukiah.

Cut Is Distant.

President O'Brien's statement followed The Examiner's revelation that a cut in the bridge's 50 cent toll rate is not probable for many years. Increasingly higher amounts of outstanding bonds must be retired during the next 25 years, and such profits as are made must be put aside in reserve funds to meet these obligations. Of the original $35,000,000 bond issue, $34,200,000 is still outstanding.

Must Have Backlog.

To attain an adequate reserve, the increase in gross revenue in almost every year in the past, must be continued in the future. Bridge officials refused to predict flatly that this would happen although they expressed confidence that the obligations will be met as they arise.

Uncertainty Lies Ahead.

Revenue in the months following the end of the war has risen sharply over the same months in any previous year. However, time will be required to determine whether this trend will continue or whether income will level off. If a toll cut should be ordered, it would probably first affect the "extra passenger" fare which was inaugurated during the war. Studies are now being conducted to determine whether elimination of those charges would be a stimulant to bridge traffic.

Hard To Estimate.

An accurate forecast of future bridge earnings is difficult because of unsettled conditions during the war and the immediate postwar months. In predict-

HE'S JUST A KID

THERE IS A LITTLE BOY HERE in Ukiah and he is in a great deal of trouble. He does not know what the officers are going to do with him. He killed a man who was beating his mother, but he is only a kid and he does not know what the law is going to do to him. There is no use to print the little fellow's name — it will only be continuing the perpetuation of the story which never would have to have been written, if California did not have such decidedly defective liquor laws.

The boy who did the shooting had remained at home all day with his two young brothers, he was their guardian, while his mother and step-father were in a place liquor was sold and where they got drunk. He did his best to get in touch with his mother and step-father. He took his little brothers and walked five miles to find the parents. His mother and step-father came home after the three little fellows had made their long trip into town and back again, without finding their folk, and, upon the return of their mother and step-father, the three boys were awakened from their sleep — with little to eat they had gone to bed, and they came into the presence of their mother and step-father and watched their mother being beaten — she was knocked down and vilified and, it looked like she was going to be beaten more.

It does not matter if the woman was drunk and cursing and fighting. She was the boy's mother and the boy did what any real boy would do — He went to the defense of his mother. Of course he went too far. He took down a rifle from a wall and he killed his step-father, but his father had it coming to him. He should not have beaten up a woman in front of her children.

The boy is going to have to go into court. He is not going to understand it all. The little fellow is going to be frightened; his two little brothers who saw their step-father killed will never forget the tragedy enacted that night before their terrified eyes and the county, probably, will have to bury the victim of the unfortunate act of the kid-killer. It is not going to do any good to send this child to a reform school. The fact is the boy should have been sent to a reformatory if he had not protected the woman who gave him birth. That boy simply responded to the promptings of his heart. He defended his mother and, when he goes into court, the Judge should try to play ball with him. The way ahead for the kid is a tough one. There are two strikes on him right now and, until the end, he is going to have all the worst of it. No one knows what has gone and is going through the mind and the heart of the lad. He needs some fellow to go to him and place his hand on his shoulder and tell him he has a friend. He should not be prosecuted by a District Attorney who does not understand any of the traits of humaneness and who wants to measure his certainty of being re-elected by showing how many unfortunates he has convicted. This is a case where the judge should take the poor little murderer into his chambers and have it out with him — tell him Mendocino county is going to take himself and his two little brothers and get them a new start and the court should issue an order declaring the mother unfit to be entrusted with the care of the three boys and the winding up of the whole sordid case should be speedy and human and kind, and then it should be forgotten by the community.

SIX MONTHS AFTER

SIX MONTHS HAVE PASSED since that day last August when at four o'clock in the afternoon, Pacific time, a breathless nation got the biggest news story of the century — the war was over.

In checking on our progress in those six months, it appears that instead of going forward, we apparently have been going backward. On August 14, 1945, it was possible for a man to buy a suit or a shirt without too much of a struggle. Now, with or without a struggle, both items are virtually unobtainable.

Six months ago women could buy hosiery, such as it was. Now, stockings of any kind are difficult to find. At the end of hostilities, housing was tight. Now it is tighter.

On V-J Day, the nation's industrial machine was working very close to full capacity. Now it is trying to recover from the most paralyzing series of strikes in history.

These industrial convulsions were not unexpected, but they did not have to occur. A more reasonable attitude, both on the part of unions and employers, together with less inept handling of the labor situation by the government, would have gone far toward avoiding major walkouts. And a more sensible attitude in the handling of price control would have helped make scarce items considerably less scarce.

So, in the past six months we have not made the progress toward reconversion that we had hoped for last August. America's urgent need is for labor and management to bicker less and produce more, and for government to use price control to support, rather than suppress production. If this is done, our next six months will be vastly different — and better!

'DICK' COLLINS IS CANDIDATE

Veteran Head Of The Board Of Equalization To Run

Richard E. Collins, of Redding, State Board of Equalization member since 1906, has announced he will seek re-election in the third equalization district, which includes 25 northern California counties.

R. E. Collins

A Real Veteran.

Veteran of 10 elections, often unopposed, Mr. Collins has an unexcelled record for length of state service. During his tenure fiscal responsibility of the equalization board has increased almost 40-fold. The board now assesses annual revenues in excess of $300,000,000 in contrast with less than $8,000,000 when he first took office.

The Statement Made.

In announcing his candidacy for both the Republican and Democratic nominations at the primaries on June 4, Chairman Collins said: "It has been my privilege to serve on the State Board of Equalization during a period in which California has made tremendous strides. My constant aim has been to see the board discharges its responsibilities to the people faithfully, efficiently and courteously. As revenue needs have multiplied, I have given my best effort toward achieving sound tax administration. When the board was made responsible for alcoholic beverage control 10 years ago I endeavored to maintain equally high standards of public service.

Tells His Position.

"I believe my background and experience will be valuable to the people of California and I am submitting my candidacy with the hope the voters of the third equalization district may again elect me to the office in which I have served so long."

Chairman 31 Years.

By vote of his fellow members Mr. Collins has been Chairman of the State Board of Equalization almost continuously since 1915. The third equalization district, which he represents, includes the following counties: Del Norte, Siskiyou, Modoc, Lassen, Shasta, Trinity, Humboldt, Mendocino, Tehama, Plumas, Sierra, Butte, Glenn, Lake, Colusa, Sutter, Yuba, Nevada, Placer, El Dorado, Yolo, Solano, Sonoma, Napa and Marin.

ing future traffic volume, allowances must be made for the fact that much of the bridge patronage during the war and at the present time is composed of Army and Navy personnel and industrial workers who live on one side of the Golden Gate and work on the other.

Growth Factor.

On the credit side is the steady population growth of the north bay counties which should provide a dependable source of revenue in the future.

Lacked Population.

The Golden Gate Bridge, it was pointed out, faced an unusually difficult situation in its early years because it was one of the few great bridges in the world that did not connect two densely populated centers. Growth of Cities and towns north of the Golden Gate should alleviate this situation in the future.

EX-INMATE MAY BE A MURDERESS

Ruby Harris, assistant superintendent of Ventura School for Girls and the victim of a revenge attack by a knife-wielding 17-year-old former inmate, today was still in danger. Miss Harris was attacked in her bedroom at the school by a girl identified as Mary Jane Lillie fugitive from the Mendocino State Hospital, where she was held as a psychopathic delinquent. The girl plunged a butcher knife and a dagger eight times into Miss Harris' body, police said. The attacker escaped.

THE MOPPING UP OF EARLE E. KYNETTE

It really is too bad the Adult Authority Board, appointed by Governor Earl Warren to succeed the old Parole Board continues to make such miserable showing in paroling notorious criminals who do not, in the slightest way, merit release.

The Parole Law, when properly administered, is a helpful arm in assisting men on the way back to honest methods of living, but, unfortunately, when undeserving convicts, who will soon again menace society, are freed, it gives the Parole system a black eye.

It will serve no good purpose to criticize the present Parole board, posing as an Adult Authority.

The fact of the matter is the board members have demonstrated a complete lack of knowledge in handling the duties they are presumed to perform, but they will not be removed. Probably the Adult Authority's own explanation of why it sought to turn Earle E. Kynette loose and then, after an aroused public sentiment proved too strong for the Adult Authority to stand up under and the Adult Authority needed an excuse for its unjustifiable attempt to liberate the Los Angeles dynamiter it used as puerile a subterfuge to bring out as shameless a picture of vacillation as ever was placed on the records of a Parole Board anywhere. The Adult Authority held a second secret session, right after it started getting chills, and gave out a reversal of the Kynette case in which the Board members said: "Mr. Kynette should serve six years more, instead of going free at this time, because the term served was not commensurate with the crime committed."

Of course the time served was not enough punishment for such a dastardly offense, but why had the Adult Authority not properly studied the Kynette case before it passed its order to free him? There is not a question in the world in the minds of anyone who knows the Kynette case but that the dynamiter should not be released until he has served at least 10 years of his sentence. Naturally because of the powerful job Earle Kynette held on the Los Angeles Police Department many men with influence wanted to help him—not with a regard to seeing justice done, but with the view Mr. Kynette was their friend and "it would work out all right." That is exactly where a politically controlled Parole Board breaks down. Political heat is put on Board members who have been politically rewarded and they cannot stand up. I have seen under the Olson administration two men, one who had stolen $9,000,000 from saving oldsters, and another, a murderer held in condemned row, who killed a child, escape punishment because they had, one a fortune of his own, and the other a mass of money in his brother's name, to use in greasing their way out!

The next Legislature should pass a law providing for the holding of open hearings on all Paroles and Governor Robert E. Kenny should, when he is elected, name a parole board that has the fortitude to withstand pressure, the time to devote to the analyzing of the cases of the unfortunate men which are to be passed upon, and to be able to apply the measure of mercy that always is needed to inject in the consideration of a case being determined. The writer is not speaking as a newspaperman. He is writing as one who has been in the closest touch with criminal matters most of his life. He has no axe to grind; his only aim is to try and halt the headless, unfair and miserably slip-shod manner in which prison matters of California have been shoved around by the existing Penal Institution authorities under the present administration.

Turn to Page 1 of this newspaper and look at the picture illustrating the horrible destruction caused by the dynamite bomb planted by Earle E. Kynette, who blew up Harry J. Raymond. Pause while looking at the picture and visualize the state of mind of the Parole Board members who, at a secret meeting, turned this monster free and remember that, when the heat of disapproval, in the form of publicity, of their action was turned upon the Adult Authority board members, they countered with this justification for continuing the incarceration of Mr. Kynette six years longer; "Mr. Kynette should not be allowed to go free, because his crime was too monstrous to get off with such light punishment." Yet they had a few weeks earlier decided he was entitled to be free!

How do you like to have an outfit of that character entrusted with the power of liberating or confining the poor wretches held in penal institutions of the State of California?

Request is made to the people of Ukiah to notify the Chamber of Commerce office of the time and place of any events taking place locally, if possible at least one week in advance. Don't Blame Your Dealer if You Can't Get G-E Appliances and Radios

It's not the dealer's fault. We don't think it's our fault. Maybe it's nobody's fault. But here's what happened:

Here's how fast G. E. and its affiliated companies were making and shipping things for you:

	OCT.	NOV.	DEC.	On hand Dec. 31, 1945
IRONS	60,440	67,564	85,968	2½ days' production
CLOCKS	181,998	177,681	256,038	2½ days' production
REFRIGERATORS	12,755	17,577	28,432	4 days' production
WASHERS	3,068	4,672	6,874	4½ days' production
RANGES	3,056	8,973	8,996	3 days' production
RADIOS	85	5,129	9,401	1½ days' production
TOASTERS		312	2,386	2698 (No shipments were made because production was inadequate to provide samples for dealers).

Out of the 2,485,138 appliances manufactured in 1944 and 1945, General Electric shipped 98%.

After the war ended, we weren't able to get back into production of some appliances as soon as we had hoped, and production rates weren't as high as we had hoped. A number of unforeseen things like material shortages made the job harder.

But there were only 120 days between V-J Day and December 31, 1945, and in those 120 days we partly reconverted our factories from war to peacetime goods and got production started. During the year we turned out 2,313,791 electrical appliances.

We shipped these appliances out practically as fast as made—so fast that at the end of the year more than 98 per cent of those we'd built since reconversion began were out of our factories. Most of them were in the hands of users.

Then, on January 15, 1946, our plants were closed by the strike. Not a single electric home appliance has been built or assembled there since. And, because our warehouses are practically empty, your dealer won't be able to obtain any more until we can get back to making them.

We want to get back to producing as fast as possible. The manufacturing organization is set up; the machines are ready, waiting to be set in motion. These factors will help us to do an even faster job then we did in the months before the strike.

But we can't pick up production quite where we left off. Production lines are too complicated for that. A great many things have been dislocated by the strike.

When the strike is over, and the refrigerators and toasters and radios you've been waiting for begin to come off the lines again, we'll get them into hands of our dealers just as fast as we can. They'll be competitive in price. They'll be General Electric quality.

So, please don't be impatient with your dealer—or with us.

LOVELY RESORT IS PICTURED BY UKIAH WOMAN

Olive E. Busch, chairman of California History and Landmarks for the California Federation of Women's Clubs was an over-night guest of Mrs. Ruth Benbow, President of the Garberville Civic Club, at Hotel Benbow, Friday. Mrs. Elizabeth Tucker, program chairman, called the State chairman on long distance telephone Thursday and invited her to be guest speaker of the Club at the regular meeting Saturday. It was a very interesting ride through the somber redwoods in the rain at dusk. The forest presents a varied appearance at different times of the day in diversified weather.

Beautiful Hotel Benbow conspicuously located at a bend in the Redwood Highway and at the confluence of the East and South Forks of Eel river is undoubtedly one of the most attractive vacation Resorts in the state. The style of architecture seems especially suited to its particular situation. The spacious lobby, 80 feet long and 45 feet wide, with large windows on three sides and a huge fireplace in which great logs burn brightly, certainly forms the most fascinating indoor prospect one could possibly imagine. The walls of the delightful dining room are made of glass on two sides. The room is built right into the high branches of great valley white oaks which are covered with grey Spanish moss.

Hotel Benbow is located 200 miles north of San Francisco on a 2000-acre estate, a wonderland of virgin beauty famed the world over for its magnificent redwoods. By holding the East Fork of the river to its winter level with a dam, a beautiful lake is created. It extends around two sides of the hotel and greatly enhances the natural beauty of the remarkable setting. The lake affords swimming and boating. No two holes of the golf course are similar and each is a picture in itself. There are miles of bridle paths and trails for horseback riding and hiking. Deer and bear abound in the surrounding mountains and the river affords fine fishing in season.

There are four sons and four daughters in the Benbow family all of whom are interested in the ranch and hotel, except one daughter who lives in Klamath Falls, Oregon. They welcome their guests with a sincerity and cordiality that make the travelers feel at home.

The Garberville Civic Club with its 75 members is a very fine group of superior and interesting women. The club owns its own building, free of debt. Miss Helen Benbow was the architect who designed the attractive clubhouse.

Hotel Benbow does not serve lunch. The club women who lunched with the speaker in Garberville were Mrs. Ruth Benbow, President of the club; Miss Constance Clemens, Principal of the Garberville Grammar School, who is a past president of the club and a past president of the Humboldt County Federation of Women's Clubs; and Mrs. Elizabeth Tuttle, program chairman of the club. Mrs. Phyllis Dangers, Junior past president of the club was present at the meeting. Mrs. Busch was pleased to make the acquaintance of Mrs. Nellie Williams, a former resident of Lake county, whose husband is principal of the Miranda High School. A club member present was Mrs. R. G. Anderson, whose husband is a grandson of the founder of Andersonia. She reports the lumber mill there may be re-opened. Mrs. Freda Knight, a member who attended the meeting, is a former resident of Ukiah. She is the daughter of Frank Gorndorf, a pioneer baker of Ukiah. She and her husband own and operate the White Auto Court of 20 cabins, just south of Garberville.

An interesting feature of the program was a group of songs by Marta Staplesa Club member who has traveled all over the United States as an entertainer.

Home-made cakes, tea and coffee were served by the hostess committee, of which Miss Constance Clemens was chairman.

On her trip to Humboldt county, Mrs. Busch visited Miss Mabel Rogers, manager of the Variety Store in Garberville, and with Mrs. Minnie Stoddard Lilley, proprietor of the Lilley Redwood Park.

SPEAKING IN SOUTH

Mrs. Olive E. Busch, chairman of California History and Landmarks for the C. F. W. C., left Saturday morning for Southern California where she has 22 speaking engagements.

SHOWER HONORED NDGW FRANCES BIEBELE MONDAY

Native Daughters of Ukiah Parlor No. 263 were most delightfully entertained at the home of Helen Carmichael Monday night. The guest of honor, being Frances Biebelle, who was taken by surprise when showered with a load of beautifully wrapped packages, tied with appropriate colors, pink and blue. From an over-loaded card table the dainty articles were displayed to the group and cards read. Handmade sweaters, caps, booties, sacques, dresses and slips, along with shawls, blankets, quilts, pillows, robes and many other necessary articles too numerous to mention. Beautiful gifts were sent by three members who were unable to attend, namely: Ethel Smith, Dorothy Reed and Jane Bridges. The room was decorated with China lilies.

Beautifully colored table covers and napkins with flowered paper plates, decorated four card tables used from which a supper was served, which consisted of hot tamale pie, hot French rolls, homemade butter (real country style) with plenty of hot coffee and cream.

P. T. A. PARTY

Ukiah Elementary P. T. A. held its Founders Day celebration in the Elementary School Auditorium. The meeting opened with several orchestral selections, conducted by Principal Frank Zeek. A Founder's Day skit was presented by P. T. A. mothers: Mrs. Fred Stevens, announcer; Mrs. James Balyeat, narrator; Mrs. Frank Zeek as Mrs. Birney; Mrs. DeWitt Trimberg as Mrs. Hearst, and Mrs. K. Farnsworth as Miss Taylor. Several Members of River Union P. T. A. attended as guests. At the business meeting, it was voted to sponsor the two Bluebird groups. Refreshments were served by the executive board. Members were seated at a long table on which were cakes and tea. At one end was a lace-covered table with pink candles at each end and in the center a beautifully decorated cake with 19 pink and yellow candles.

DRIVE FOR THE HOMELESS CHILDREN WINS

The first public campaign to raise funds through the sale of stamps by the Central Committee on Homeless Children of the Native daughters has drawn to a close.

However, due to the fact money is still going into headquarters from donors and purchasers of Baby Fund Stamps the actual figures as to the amount raised can not be stated. The Native Daughters of the Golden West are happy to say the drive has far exceeded their expectations in the amount of money already received.

The work of the Central Committee on Homeless Children and the Native Sons and Native Daughters of the Golden West organizations have been most favorably publicized throughout our Golden State of California. Because of much-needed funds raised by the Baby Stamp Campaign, some of the State Social Welfare Department recommendations are now being complied with as rapidly as possible and our license has been renewed for another six months. These results make the drive tremendously worth-while and are the means of paving the way for future Baby Fund drives. The Native Daughters know, and appreciate, the encouraging results of the first drive means a great deal for homeless children and the valuable data received will permit the Native Daughters to continue their work along that line and make future efforts of like character successful. Through splendid co-operation of the Native Sons and Native Daughters and other organizations and individuals the success of the first drive has been made possible and the sincere appreciation of the Native Daughters are, through The Republican Press, expressed all who assisted. The care of little children is one of the outstanding projects of the Native Daughters and accordingly the members are happy over its full success.

BOARD OF EQUALIZATION FINDS FAVOR WITH VETERAN SENATOR

Speaker Of State Senate Jerrold L. Seawell Aspires To Be Elected To The State Board From The Third District

Basing his campaign on "the acute need for a general overhauling of the State Board of Equalization," Senator Jerrold L. Seawell, of Roseville, today

Sen. J. L. Seawell
Who will seek election as member of the Board of Equalization from the Third District.

announced his candidacy as a Board member from the Third District. Senator Seawell, President Pro Tempore of the California State Senate and veteran of 20 years' service in the Legislature, in a pre-campaign statement, declared he would conduct his fight for election on issues rather than personalities. These issues, he said, would include:

1. A thorough exposition of the Board's functions as well as its history in an effort to bring it closer to the people.

2. A revision of the Board's tax collection machinery in order that the people who pay the taxes receive the most for their tax dollar.

What Is Needed.

"Too many Californians are under the impression that the Board of Equalization merely is concerned with the enforcement of liquor laws," Senator Seawell explained. "As the State's official tax collection agency the Board plays an important role in the lives of all of us. If for no other reason than the Board collects our tax money, it seems to me we should all pay strictest attention to the manner in which the Board's affairs are conducted." Senator Seawell added the need for a vigorous and competent administration of the Board "has become obvious," especially during the past few years. "California's tax collecting machinery," he continued, "demands policing as well as modernization."

Native Of Colusa.

Mr. Seawell was born in Colusa county in 1897. In 1922 he married Mildred Alberta Brown. They have two children, Robert Niles, 21, now in the Navy and a veteran of the Western Pacific campaigns, and Jerry Jean, 19.

Run In Many Counties.

The counties in the Third District which Senator Seawell seeks to represent, include: Marin, Sonoma, Mendocino, Humboldt, Del Norte, Lake, Solano, Yolo, Colusa, Glenn, Tehama, Trinity, Butte, Sutter, Yuba, Napa, Siskiyou, Modoc, Lassen, Plumas, Sierra, Nevada, Placer, El Dorado and Shasta.

Nineteenth Birthday Was Glorified At Clubhouse

Special Correspondence of The Press

COVELO, Feb. 25. — Mr. and Mrs. Shirley English are proud parents of a "real American" baby daughter. This young lady came February 22, Washington's birthday, and Covelo does not believe George Washington could have a nicer present for his day.

Mrs. Leslie Vann, accompanied Mr. and Mrs. Harold Dunlap on a business trip to Willits last week.

City Physician Calls.

Dr. and Mrs. C. E. Hart, of San Francisco, arrived last week on a visit to relatives and friends in Covelo.

Scouts Reorganized.

Covelo Troop No. 48, Boy Scouts of America, has been re-registered and now has 12 members. At present R. C. Bangsberg is the Scout Master with Rev. Arthur Hodge and Estill Hagne, assistant Scout Masters. Senator Geo. M. Biggar, Fred Hart and Rev. Hodge are on the troop committees. This troop meets every Monday night at high school gym. Last meeting, however, was held at the Bangsberg home and, after business meeting, Mr. Bangsburg showed moving pictures he had taken in the forest and some of tobogganing in the Chequamegon National Forest in northern Wisconsin. Mrs. Bangsberg served refreshments at the close of the evening.

Had Outing.

The newly reorganized Boy Scout Troop No. 48 of Covelo had its first outing in the form of a trip to the snowfields in Mendocino National Forest. The troop left Covelo at 9 a.m. Saturday and drove up the Mendocino Gap road to an elevation of 4,500 feet, where heavy snow in the road forced them to leave their car and walk the remaining half mile on foot. The snow was excellent for skiing, tobogganing and snowshoeing with plenty of room for rough and tumble snowball sport. A hearty lunch was well earned by the Scouts at the warming fire and everyone had a very enjoyable time. The Scouts suggest such an outing for any one troubled with loss of appetite and for those hearty souls willing to drag a toboggan a quarter of a mile up hill for the thrill of a few minutes riding down.

Their First Time.

Many of the boys had never been on snowshoes or skies before, and had a little difficulty with these strange extensions to their feet but they soon learned to respect them and, except for a few pardonable spills, all made real progress in learning to handle them.

Was In Charge.

The party was led by District Ranger Bangsberg, of the U. S. Forest Service, acting as Scout Master, and Patrol Leader Bill Shultz.

Those In Party.

Scouts attending were Ronald Shultz, Roger O'Ferrall, Jack Keck, Richard Gravier, Robert Brown, Donald Winters, Melvin Conner and Donald Bauer, all of Covelo.

Has Come Home.

John Albonica, who served in the Army Air Corps, has been discharged from the service and is at home again in Covelo.

Was In China.

Harold Goodwin, son of Mrs. Clarence Brown, of Covelo, is home again, having been discharged from the Navy, where he served many months. He come direct from China.

Mr. and Mrs. James Hurt and Rev. and Mrs. Arthur Hodge attended a church meeting in Eureka this week, returning to Covelo Friday.

Senator George M. Biggar passed a few days in Covelo last week.

Employed At Countyseat.

Mrs. Lawrence Sweeney has accepted employment in Borden's Cafe, in Ukiah, and left here for that city Tuesday, her daughters Mrs. Luella Banks and Miss Lois Sweeney driving her there. She took up her duties Wednesday morning.

Mr. and Mrs. Joe Williamson were Tuesday visitors in Ukiah this week.

On Extended Stay.

Mrs. Leroy Smith, eldest daughter of Mr. and Mrs. Henry Long, of Covelo, is making an indefinite visit with her parents. She and two children will be in the valley until her new home is completed in Oakland.

Were In Valley.

Mr. and Mrs. James Haydon made a business trip to Ukiah and Willits this week, returning on Friday.

In Old Home.

Charlie Firebaugh, who has been serving in the Army, has recently been discharged and is visiting his old home town, Covelo, a few days. His parents, Mr. and Mrs. Dick Firebaugh, who used to live here, sold out several years ago and now live on the Sacramento side.

Their Anniversary.

Saturday marked the nineteenth anniversary of the Covelo Woman's Improvement Club and its members celebrated the time by having their husbands and a few other invited guests join them at a delicious dinner and program of music and readings. The invocation was given by Rev. Arthur Hodge, who was also the chief reader of the evening. Two "pep" songs, descriptive of the Club's advance from the time the Cavemen wielded the club until the present when modern women attend to that important detail were provided.

Mrs. Winnie Hurt, Club President, very graciously welcomed guests and immediately after Mrs. Jessie Long, escorted by her small daughter, Sharon, and marching to the stirring strains of "Columbia, the Gem of the Ocean," played by Mrs. Marjorie English, bore the flag (The Stars and Stripes) to its place, where Mrs. Bernice Stockton led the Salute to The Flag, in which all joined. "God Bless America," was sung by everyone and Mrs. Fannie English gave the Club "Collect."

Took A Bow.

Presentation of the ladies who organized the Club, Mrs. Wilda Hurt and Mrs. Ella Osborne, followed. Mrs. Hurt gracefully responded, but Mrs. Osborne lives in San Anselmo and could not be present. A card signed by every one in attendance was sent to this lady, who, all were sure, was thinking of them and of the Club she loves.

A Pretty Feature.

A chorus of voices composed of the following ladies, Christine Stevenson, Eunice Jamison, Dorothy Johnson, Myrtle Rohrbaugh and Bertha Haydon, opened the program by singing "Swanee River Moon" as Rev. Arthur Hodge was discovered on the stage seated by the radio, dreaming of the past. "Memories of the Past" was the title of the play and as Mr. Hodge dreamed of different periods of his life from his babyhood, when the first "lover" of his life, his mother, appeared, Mrs. Jessie Long, standing by a cradle, backstage with Brahm's "Lullaby" sung by the choir, made an impressive beginning.

A tribute to all mothers came at this time and Mrs. Myrtle Rohrbough was assisted to her easy chair by Mrs. Audrey Tuttle. Mrs. Tuttle gave a very beautiful reading about mothers and Mrs. Rohrbough, with white shawl and white lace cap, looked every inch the part she enacted. Dorothy Bangsberg, Christine Stevenson and Eunice Jamison, sang a trio, "Memories," for this number.

The memory of the three-year-old boy was enacted by John Rohrbough and young son, Johnnie, who appeared at this point. "Sonny Boy" was the accompanying song.

Clever Tot's Parts.

"School Days" was sung as memory carried our reader back to his sixth birthday when he entered school. Jerry Hill, son of

LARGE ATTENDANCE AT SCOUT MEETING

Parents who were present Friday evening at the Methodist church in such numbers with their boys in the Wildcat den they won the attendance flag at this monthly pack meeting, thus exemplifying one of the chief goals of Cub Scouts, according to Cubmaster Joe Bigham, who presided. "Indeed, all dens were represented by improved attendance and interest," said Mr. Bigham, "and we can and will keep up the momentum with the help of all adults and boys in the Cubber family." Demonstrating the George Washington theme, Den 1 (Thunderbolts, of which Mrs. C. B. Cornell and Mrs. K. F. Farnsworth are den mothers) put on a cherry tree skit. Contribution of Den 5 was Robinson Crusoe, which is one of the year-around themes of Cubs. Den mothers, who received badges, were Mesdames Moyer, Cornell and Etter, the latter in charge of Den 4 (Mustangs). Awards were made to the following Cubs, based on achievements completed in past months: Tommy Walsh, who belatedly received his Webelo rating, having been in the Boy Scouts some time; Howard Cornell, Channing Cornell, Donald Mitchell, Arlen Lindsley, Wayne Lindsley and George Vevoda, now entitled to bear the rank of Bobcat, and Robin Lindsley, who had passed tests for both the Wolf and Gold Arrow honors. William McGuire, local Scout executive, made a brief talk.

ROAD MISHAPS PLENTIFUL IN WILLITS AREA

Trio Of Natives Get A Stiff Fine For A Road Offense

RAN INTO THE RIVER

Henry Hoving Went To Sleep Driving His Auto

(Carried from Page One)

employed by the Southern Pacific and came to Willits in 1901 when the railroad was extended here and for several years was the local agent. When the railroad was extended north he acted as agent at Longvale several years and then purchased the general merchandise business of George Clark which he successfully conducted later. He retired from active business a few years ago but still conducted his ranch duties. He is survived by his widow and several other relatives. Funeral services were held at the Mortuary, Rev. J. H. Howe officiating with the Odd Fellows assisting. The remains were taken to Santa Rosa for cremation.

Famed Athlete Died.

Otis Rockey, one of the most prominent Indian residents of Long Valley, died at the home of his sister in Willits. Thursday morning. A generation ago he was considered one of the best baseball players in the county and was so fast he played with the San Francisco Seals and made a splendid showing but he did not like city life and returned to his ranch in this county.

Fined For Offense.

Robert Gullett, 25, accompanied by Aaron Seymour and Clarence Ingram, all Indians, were arrested for drunken driving. Mr. Gullett was fined $150 and the other two $25 each.

Lieut. Bill Jamison has received his discharge and resumed his former position as Assistant Forest Ranger.

Plan Organizing.

Not to be outdone by the Future Farmers of America high school boys, the girls have organized a Homemakers' Club and will apply for membership in the national organization. The class will be taught by Miss Pearson and Miss Goodin, teachers of Home Economics. Officers elected are Helen London, president; Lorraine Clark, vice president; Elsie Lawson, secretary, and Lillian Kroh, treasurer. Other executive officers were elected as follows: Parliamentarian, Doris Rupe; Historian, Joyce Allen; Reporter, Josephine Goodin; Song Leader, Rozanne Bullok. The organization has manifold purposes and suggested activities for the youth of today who are the Future Homemakers of America. Among the most important plans are campaigns for self-improvement, home improvement, school betterment, community projects to assist in developing high standards of living in the home and in social groups.

Had Hallucinations.

Gustave Fauss was taken into custody after making a nuisance of himself by calling at various homes and telling people "The Indians are after me." It is said his hallucination was caused by too much drinking. He was kept in jail a few days and then taken to the detention home at Ukiah where he will be kept under observation. He may be committed to Talmage.

Plan To Help.

Frank W. Reynolds, member of the State Board of Forestry, was in Willits recently from his home in Ukiah. While here he stated the Forestry Board has made plans for control burning in this county next summer.

Suffered A Stroke.

C. C. Grimes, of Laytonville, was found near his cottage at Laytonville last week suffering from a stroke He was taken to Howard Memorial Hospital for treatment.

Let It Go.

Members of Little Lake Grange devoted considerable time at the last meeting discussing roads. There is considerable local sentiment for ranchers following the old style method of making small repairs along county roads in their vicinity. During a big storm great damage is sometimes done by water getting out of control and making bad washes. If ranchers patroled their holdings with a shovel they could regulate the flow of water with but little effort and time and thus save the district many dollars. Like most things now the prevailing idea is to "Let George do it," but like many other things the old method is much better.

Mr. and Mrs. Bill Baechtel have returned from an extended visit in various places in southern California. Bill intends to resume his old position at the Bank of Willits March first.

Married In South.

Mr. and Mrs. Fred Hamilton have been notified their son, Glenn Hamilton was married to Miss Lucille Phillips at Edenton, North Carolina. Glenn is still in the Navy and the young couple will remain in North Carolina until next summer when Mr. Hamilton will receive his discharge. After that they will return to California and following their visit with Mr. Hamilton's parents in Willits will go back to school at the University of Southern California.

Married Chicago Man.

Miss Marian Page was lately married in Chicago to Charles F. Smith of that city. The groom is in the Navy and will be stationed at Brooklyn the next few months. The bride is a daughter of Mrs. Laura Page and was born and raised here and graduated from our high school in 1939 after which she went to Benicia and worked in the Arsenal.

To Learn Dairying.

Our Future Farmers organization will receive practical instruction in farm conservation at the Carl Huffman ranch at the south end of the valley. Mr. Huffman operates a small dairy and the boys will be taught how to take care of animals and also the necessity of rotation of crops and other matters. The study will be conducted by E. M. Jones and Robert Flannery, of the U. S. Soil Conservation Service, who have their county headquarters in Willits.

Mr. and Mrs. Frank Beggs and Mr. and Mrs. Martin Samuelson, of Petaluma, were guests at the Carl Beggs home last week.

Have A Boy.

A son was born Mr. and Mrs. M. Sikes at Howard Memorial Hospital and has been named Jerry.

To Get Its Share.

Willits will receive $14,564 as our share of the state funds just voted by the legislature. According to the terms of the bill Willits will have to match that sum and it can only be used for special purposes but this will be easy for last year we had a bond election and one of the projects will be recommended.

For The Roads.

Mendocino county will receive $463,617 and of this sum $185,646 is for roads only and the balance can be used for other purposes. Ukiah gets $33,440; Fort Bragg, $28,994; and Point Arena $3,352.

Sister Is Here.

Mr. and Mrs. John Blankenship came up from Santa Rosa Last week for a visit at the V. T. Lewis home. Mrs. Lewis and Mrs Blankenship are sisters.

Miss Beverly Clay was here last week visiting friends. She is a graduate of our high school and is now attending San Jose State College.

LOVELY SONGS INTERMINGLED THE NUMBERS

Anniversary Featured By Round Valley Club Women

(Carried from Page Six)

Mr. and Mrs. Mervin Hill, and Sharon Long, before mentioned, played the parts of the "bashful, barefoot beau" and the "queen in calico." High school days came along with attendant romances and graduation. The first girl, Christine Stevenson, with "endearing young charms," and the Irish Colleen, Joyce Bangsburg, appeared in turn while the chorus sang "Believe Me, If All These Endearing Young Charms" and "When Irish Eyes Are Smiling," respectively.

After the reader spoke of his real sweetheart, Mrs. Hodge, dressed in a blue lace formal and looking very nice, appeared in the background. "Let Me Call You Sweetheart" was sung and Mr. Hodge rose and took his place beside his wife. "I Will Love You When the Silver Threads Are Shining Through the Gold" very fittingly followed, and "Love's Old Sweet Song" was the last number. The "Meditation," given by Mrs. Bertha Haydon closed the evening.

All Are Thankful.

Mrs. Emma Rice, Christine Stevenson, Fannie English and Bertha Haydon, the committee in charge, wish to thank all those who took part in the play, Mrs. Iris Hill, who did all the typing of the parts, and all others who in any way contributed to the success of the endeavor. We also wish to say that the foregoing committee and play are distinctly separate from the Lincoln Pageant idea for which circumstances forced an indefinite postponement.

Mr. and Mrs. Ted Goforth and sons and Mr. and Mrs. Kenneth Gunderson arrived Saturday for a weekend with relatives and friends in Covelo. These young people live in Berkeley.

Coming Card Party.

Don't forget the Card party at the Clubhouse Friday evening, March 1. Mrs. May Conner is hostess.

Mr. and Mrs. Bud Alford, of Martinez, visited last week with Mr. and Mrs. Joe Williams, of Covelo. Bud was very recently discharged from the Army.

Ran On Panther.

While riding on their range in the Buck Mountain area a few days ago, Mr. and Mrs. Ted O'Ferrall and small son, Johnnie, came upon a panther which had just killed a deer, had eaten what it wanted and, after the manner of those animals, had buried the remainder of the carcass. Ted got a glimpse of the beast and thought it was a coyote. But the hounds which were following quickly took up the scent and were off on the track. Ted followed to uncouple the dogs and in going one way around a little knoll just missed meeting the big cat that came around the opposite side of the elevation and went up a tree only a short distance from where Mrs. O'Ferrall and the little boy waited. As he came into sight, little John said: "Looka there, Momie, that isn't a skunk," to which all agreed. The panther was killed.

Are Plentiful.

Panthers seem to be more numerous now than they have been for several years. Bud Niesen and Grover Vann took their hounds and went out into the Pine Ridge country and killed three Tuesday—two females and one male. They are very proud of their success as hunters of predatory animals. Not long ago, Lloyd Brown, of the Buck Mountain area, killed a large panther—somewhere in his vicinity.

Mrs. George A. Short is visiting a few days in Covelo, with her mother, Mrs. May Perry.

Brought Up Cotton Cake.

Mr. and Mrs. Russell Crockett have made the round trip to Fresno, bringing a load of cotton cake for the McDuffie ranch.

Grant Hancock, from the bay area, is in Covelo today.

Bill Stevenson is enjoying a few days in Covelo this week.

Mrs. M. Lunderville returned Saturday from a visit to relatives in Willits and thereabouts.

On Southern Trip.

Mr. and Mrs. Charles Lovell and Mr. and Mrs. Albert Winters left this week for the southern part of the state—This is a pleasure trip they have envisioned for some time. They may extend the trip into Mexico, but all is subject to traveling conditions. They are driving and intend to get all the enjoyment there is out of the time.

Mr. and Mrs. J. E. Cunningham and son, of Santa Rosa, have been enjoying a week's visit with Mr. and Mrs. Charles Hemenway of Covelo.
